

PATENTS

The First Inquiry that presents itself to one who has made any improvement or discovery is: "Can I obtain a Patent?" A positive answer can only be had by presenting a complete application for a Patent to the Commissioner of Patents.

Messrs. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, have been actively engaged in the business of obtaining patents for over twenty years—nearly a quarter of a century.

Those who have made inventions and desire to consult with us, are cordially invited to do so. We shall be happy to see them in person, at our office, or to advise them by letter.

All business committed to our care, and all consultations, are kept by us secret and strictly confidential.

Foreign Patents.—American Inventors should bear in mind that, as a general rule, any invention that is valuable to the patentee in this country is worth equally as much in England and some other foreign countries.

For Instructions concerning Foreign Patents, Reissues, Infringements, Hints on Selling Patents, Rules and Proceedings at the Patent Office, the Patent Laws, etc., see our Instruction Book.

MUNN & CO.,

No. 37 Park Row, New York City. Office in Washington, Cor. F and 7th streets.

Patents are Granted for Seventeen Years,

Table listing patent fees: On filing each caveat \$10, On filing each application for a Patent, except for a design \$15, On testing each original Patent \$20, etc.

PATENT CLAIMS.—Persons desiring the claim of any invention, patented within thirty years, can obtain a copy by addressing a note to this office, giving name of patentee and date of patent, when known, and inclosing \$1 as a fee for copying.
