

USEFUL HINT TO OUR READERS.

BOUND VOLUMES.—Persons desiring the first volume of the New Series of the Scientific American can be supplied at the office of publication, and by all the periodical dealers; price, \$1.50; by mail, \$3, which includes postage. The volume in sheets, complete, can be furnished by mail; price \$1. Vol. II. is now bound and ready for delivery. The price for this volume is the same as that charged for Vol. I.

SUBSCRIBERS TO THE SCIENTIFIC AMERICAN who fail to get their papers regularly will oblige the publishers by stating their complaints in writing. Those whom we have missed certain numbers can have them supplied by addressing a note to the office of publication.

GIVE INTELLIGIBLE DIRECTIONS.—We often receive letters with money inclosed, requesting the paper sent for the amount of the enclosure, but no name of State given, and often with the name of the Post-office also omitted. Persons should be careful to write their names plainly when they address publishers, and to name the Post-office at which they wish to receive their paper, and the State in which the Post-office is located.

PATENT CLAIMS.—Persons desiring the claim of any invention which has been patented within 14 years, can obtain a copy by addressing a note to this office, stating the name of the patentee, and date of patent, when known, and enclosing \$1 as fee for copying.

RATES OF ADVERTISING.

THIRTY CENTS per line for each and every insertion, payable in advance. To enable all to understand how to calculate the amount they must send when they wish advertisements published, we will explain that ten words average one line. Engravings will not be admitted into our advertising columns; and, as heretofore, the publishers reserve to themselves the right to reject any advertisement sent for publication.

PORTER'S IMPROVED GOVERNOR.

The reputation of these governors is well established. Parties troubled with unsteady power may send for them in entire confidence. They never fail. The numerous valves in use are all equally good, if well made; the form of the opening is immaterial. The governors are warranted to work perfectly with any and all valves, which move freely and close tolerably tight. A style is made expressly adapted to waterwheels, to which they will give a perfectly uniform motion, under any variation of resistance.

I have long done with troubling my customers for certificates; but am able to refer to a large number of parties now using this governor in a majority of the States of the Union.

I will send a governor to any responsible party for trial. It does not operate perfectly it may be returned.

A liberal discount to the trade, whose orders will always be promptly filled.

CHARLES T. PORTER, No. 235 West Thirtieth-street, corner of Ninth-avenue, New York City.

\$1.200 A YEAR MADE BY ANY ONE

with \$10 Patent Stencil Tools; stock enough included to retail for \$150. With activity, this amount may be realized in two weeks' time. The only reliable source for these tools is at Fullam's American Stencil Tool Works, the largest and only permanent manufactory in the world, located at Springfield, Vt. 515-rooms—No. 212 Broadway, New York; No. 13 Merchants' Exchange, Boston, Mass.; and Springfield, Vt. A beautiful photograph of the American Stencil Tool Works and surrounding scenery on Black river sent on receipt of 25 cents. These works command the exclusive and entire control of the whole river at all seasons, and the machinery for manufacturing Stencil Tools is driven by a water wheel of 75-horse power, affording immense and unlimited advantages which no other concern can pretend to claim. The \$10 outfit for cutting small name-plates and business cards. Tools for cutting large work of all sizes furnished for \$35. No experience is necessary in using any of these tools. Do not fail to send for samples and circular; and if you buy Stencil Tools, be sure to get Fullam's, as they are universally known to be the only perfect-cutting tools made. Address or apply to A. J. FULLAM, Springfield, Vt.; No. 13 Merchants' Exchange, Boston, Mass.; or No. 212 Broadway, New York, 13 8c

SECOND-HAND MACHINE TOOLS.—ONE

gearing turning engine, 10 feet slides; one good gear-cutting engine; one geared lathe, with screw chuck and slide rest—will swing 39 inches, and take in 14 feet shaft. For sale low at Arnold's machine shop. Models—operating or for the Patent Office—made of either wood, glass or metal, by BENJAMIN ARNOLD, East Greenwich, R. I. 1\*

WIND WHEELS.—WIND WHEELS (MADE

to order) not liable to get out of repair, self-regulating, simple and durable, stop and start at pleasure. Not to be excelled by any wheel made. Patented price; wind, 29 miles per hour: 2-horse power, \$70; 4-horse power, \$121; 6-horse power, \$161; 8-horse power, \$190; 10-horse power, \$230; 13-horse power, \$270; 16-horse power, \$300. W. L. GREGORY, Amsterdam, Montgomery county, N. Y. 1\*

INTELLIGENT MECHANICS—ORDER FROM

your news-agent the first number of the "Household Journal," just published: 16 pages, price 3 cents. By A. HARTHILL & CO., No. 20 North William-street, New York. 1

WIVES OF MECHANICS WILL FIND THE

"Household Journal" the best paper for information, amusement and domestic economy, ever published. Price 3 cents. Publishers, A. HARTHILL & CO., No. 20 North William-street, New York, who will forward a copy of No. 1 (free) to any address. 1

DAUGHTERS OF MECHANICS.—SEE THE

music, stories, notes, biographical sketches, chess, history and travel, science and art, and a host of other entertaining subjects, in the "Household Journal." Published at three cents, weekly, by A. HARTHILL & CO., No. 20 North William-street, New York. 1

SONS OF MECHANICS.—THE BEST PAPER

for you is the "Household Journal," at three cents weekly. Contains a French and German lesson weekly, besides a variety of interesting and valuable reading matter not to be found in any other publication. Published weekly by A. HARTHILL & CO., No. 20 North William-street, New York. 1

THE "HOUSEHOLD JOURNAL" WILL BE

found more profitable than the greatest literary, most interesting and amusing paper ever published. Three cents weekly. Editors and contributors of undoubted reputation. Nothing admitted into its columns but what is fit to be read in any family circle. Copies of the first number mailed free to any address, on application to the publishers, A. HARTHILL & CO., No. 20 North William-street, New York, 1

SOLUBLE GLASS.—FOR BUILDERS, PAINT-

ers, calico printers and soap manufacturers. For rendering wood, cotton, &c., fire-proof; preventing soap from shrinking; also a detergent to guard against dry rot and mildew. Mixed with dolomite, it surpasses all other roofing cements. All kinds of wood-work treated with a solution of soluble glass will be fireproof. Cotton picking rooms, cotton baling and ginning houses can, by a solution of soluble glass, be saved from fire. Manufactured in a dry and liquid form by LEWIS FEIGT WANGER & SON, No. 42 Cedar-street, New York. Constantly on hand Persimmon-powder, oxide of manganese, tin crystals, chloride of zinc. All rare metals and chemicals for pyrotechnists and calico printers; essential oils and essences. 14 5\*

SAVE YOUR STEAM.—HOARD & WIGGIN'S

Improved Steam Trap Valve, for relieving steam pipes, cylinders, &c., of condensed water. By its use the boiler pressure is kept up, the fuel is saved, and a large saving in fuel made. Several thousand of these trap valves are in successful use, and we offer them with entire confidence that they will accomplish all that we claim for them. For an illustrated circular of the machines, address— J. W. HOARD, } Providence, R. I. GEO. B. WIGGIN, }

LABORATORY OF CHEMISTRY.—CONSULTA-

tions and advices on chemistry applied to arts and manufactures, agriculture, metallurgy, mining surveys. Information on chemical fabrications, with drawings, such as colors, varnishes, coal oils, paper, gas, candles, soaps, dyes, animal black, manures, acids, alkalies, salts, india-rubber, gutta-percha, &c. Address Professor H. DUSSAUGE, chemist (from the Conservatoire Imperial of Arts and Manufactures, Paris), New Labanon, N. Y. 1\*

CHARLES G. WILLCOX, MECHANICAL EN-

gineer, No. 135 North Third-street, Philadelphia, supplies plans of buildings with machinery of power and machinery. Engines and machinery furnished and erected. Estimates given. 14 5\*

JONVAL TURBINES.—THE SAME IN EVERY

respect as the one illustrated on page 164 of the present volume of the Scientific American, and described by J. E. Stevenson, are made by the undersigned at their manufactory in Paterson, N. J. We have made and put in over 40 of these wheels, and they have given general satisfaction. We can furnish the best of references. Address W. G. & J. WATSON, Paterson, N. J. 14 5\*

MACHINISTS' TOOLS FOR SALE.—TWO

double-gear screw-cutting slide lathes, swinging from 20 to 24 inches and shears 12 to 16 feet long; one double-gear slide lathe, 4 feet diameter and 20 feet in length; four planing machines, various sizes; three card wheel boring machines, three card axle lathes, three shop cranes, &c., &c. All second hand; in good order. Apply to CHAS. W. COPELAND, No. 122 Broadway, New York. 14 8

CLARK'S PATENT VISE AND NICHOLSON'S

metallic spirit level manufactured and for sale by W. T. NICHOLSON, No. 110 Dorrance-street, Providence, R. I. Send for circulars. 14 5\*

CHESTER GUILD & SONS, MANUFACTURERS

of belting leather, No. 16 Blackstone-street, Boston, Mass. 14 13\*

GREAT CURIOSITY.—MAGIC CIGAR CASES,

with secret drawers, sent free on receipt of twelve red postage stamps, to any part of the United States. Agents wanted, by whom large profits are made. Send for one as sample and terms to C. J. WILLIAMS, Lock Box 588, Providence, R. I. 14 2\*

NOTICE.—WHEREAS APPLICATION HAS

been made to the committee (who have advertised extensively, offering premiums for lamps designed for the burning of whale oil) asking further time for the completion of lamps for examination, therefore the committee have extended the time from August 30, 1860, to and including October 1, 1860.

MATTHEW HOWLAND, Secretary. New Bedford, 8th mo. 24th, 1860. 14 4\*

BACK NUMBERS AND BOUND VOLUMES OF

the NEW SERIES of the SCIENTIFIC AMERICAN can always be had of A. WINCH, No. 320 Chestnut-street, Philadelphia, Pa. 11 13\*

GALVANIZED IRON PIPE—CHEAPER AND

better than lead for water. Is used in the cities of Brooklyn and Hartford for water pipes in dwelling houses. Sold at wholesale by JAMES O. MORSE & CO., No. 76 John-street, New York. 10\*

FOR SALE—A STATIONARY STEAM ENGINE,

7x15, 10-horse power, with boiler and all appurtenances; has been in use three months; in perfect order. An excellent engine. Particulars on application. J. C. HOADLEY, Lawrence, Mass. 13\*

FOR SALE—A DOUBLE HORIZONTAL STEAM

engine, 18x24, 100-horse power; has been in use one year; in perfect order. Three boilers and all appurtenances. Particulars on application. [3 15\*] J. C. HOADLEY, Lawrence, Mass.

CURRENT AND TIDE WATER-WHEELS.—

These wheels run entirely under water and no dam is required. With a stream 20 feet wide and 5 feet deep, running 8 miles an hour, the wheel will give 50-horse power; and a greater or less power, according to the size of the stream and the velocity of the current. It will yield any part or all of the power, and may be stopped or started at pleasure. As a tide wheel it always runs the same way, whether the tide is running in or out. Price, \$300 to \$1,000. Made to order by W. L. GREGORY, Amsterdam, Montgomery county, N. Y. 1\*

HARRISON'S GRIST MILLS—20, 30, 36 AND

48 inches diameter, at \$100, \$200, \$300 and \$400, with all the modern improvements. Also, Portable and Stationary Steam-engines of all sizes, suitable for said Mills. Also, Bolters, Elevators, Belting, &c. Apply to S. C. HILLS, No. 12 Platt-street, New York. 1 e3w

LAPHAM'S PATENT STEAM TRAPS—SUPE-

rior to any in use. Warranted to work well under all degrees of pressure. Send for a circular. Address G. A. DURGIN, No. 225 Broadway, New York. 14 3\*
