Villarroel, 52 Pine Street, Secretary of this Commission and Corresponding Agent of Chile, who will furnish blank forms of applications, pamphlets, etc. STEPHEN ROGERS, Consul for Chile in New York, and President of the Commission.

PATENTS The publishers of the SCIENTIFIC AMERICAN have acted as solicitors of patents in the United States and foreign countries for more than a quarter of a century. More than FIFTY THOUSAND inventors have availed themselves of their services. All patents secured through this agency receive a special notice in the SCIENTIFIC AMERICAN, which frequently attracts purchasers for the patent. Inventions examined, and advices as to patentability free. Patents obtained in the best manner, and with as little delay as possible. Caveats prepared from either model or drawings, and filed in the Patent Office at short notice. Special examinations as to the patentability of inventions made, at the Patent Office, on receipt of model or drawing and description; cost for this search and report, \$5. Trade Marks.—The necessary papers for securing protection to manufacturers and merchants in this country and abroad are prepared at this office. Design Patents, for protecting artists and designers of any new ornaments or works, are quickly and cheaply obtained through this office. Copyrights obtained. Foreign Patents are solicited in all countries where patent laws exist. Pamphlets, containing the cost and full particulars, mailed on application. Canada Patents.—Canada is one of the best countries for patents. The cost depends upon the length of time for which a Patent is desired. Full particulars by mail on application. We shall be happy to confer with inventors, examine their models and drawings, and advise with them as to obtaining patents without consultation fee. Every kind of information pertaining to patents, at home or abroad cheerfully given. Send for pamphlet, 110 pages, containing laws and full directions for obtaining patents. PROSPECTUS OF THE SCIENTIFIC AMERICAN. FOR 1875. THE MOST POPULAR SCIENTIFIC PAPER IN THE WORLD. THIRTIETH YEAR. VOLUME XXXII.—NEW SERIES.

The publishers of the SCIENTIFIC AMERICAN beg to announce that on the first day of January, 1875, a new volume commences. It will continue to be the aim of the publishers to render the contents of the new volume more attractive and useful than any of its predecessors.

It is the Most Popular Paper in the World! having the large circulation of nearly 50,000 per week! A year's numbers contain over 800 pages and several hundred engravings of new machines, useful and novel inventions, manufacturing establishments, tools, and processes.

To the Mechanic and Manufacturer! No person engaged in any of the mechanical pursuits should think of doing without the SCIENTIFIC AMERICAN. Every number contains from six to ten engravings of new machines and inventions which cannot be found in any other publication.

The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce, and the industrial pursuits generally; and it is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library, and the Reading Room. By the new law, the postage must be paid in advance in New York, by the publishers; and the subscriber then receives the paper by mail free of charge.

TERMS. One copy, one year (postage included) ..... \$3.20 One copy, six months (postage included)..... 1.60 One copy, three months (postage included).... 1.00 One copy of Scientific American for one year, and one copy of engraving, "Men of Progress".... 10.00 One copy of Scientific American for one year, and one copy of "Science Record" for 1874..... 5.50 Remit by postal order, draft or express. Address all letters and make all Post Office orders and drafts payable to

MUNN & CO., 37 PARK ROW, NEW YORK.

THE "Scientific American" is printed with CHAS. ENCK JOHNSON & CO.'S INK. Tenth and Lombard Sts., Philadelphia, and 59 Gold St., New York.
