necessary. **TERMS.** Two Thousand Five Hundred Dollars, payable by in-stallments, covering the two years of the voyage. Applicants' fees fully secured. Detailed information is contained in descriptive pamphiek, to be had on application.

HEADQUARTERS: ST. NICHOLAS HOTEL, NEW YORK.

DANIEL MACAULEY, Secretary.

SPECTRUM ANALYSIS. By PROF. RED. WOOD. A highly interesting lecture, recently delivered before the Pharmaceutical Society of Great Britan. Explaining the propagation of Light, and the properties of Ether. Giving lengths of Light-waves, and showing the cause of Refraction. The Theory of Color, and how the Spectrum is accounted for. The characteristic Spectra of the several Metals, and the method of Ana-lysing by the spectrum. Contained in SCIENTIFIG AMERICAN SUPPLEMENT NO. 79. Price 10 cents. To be had at this office and of all newsdealers.

CAVEATS, COPYRIGHTS, TRADE MARKS, ETC.

Messrs. Munn & Co., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine Improvements, and to act as Solicitors of Patents for COMPRESSED AIR MOTIVE POWER-With drawings and particulars of the most recent prac-tice. The locomotives worked by compressed air, in use in St. Gothard Tunnel Works, with dimensions, etc. Five engravings. SUPPLEMENTS 1 and 2. Price, 10 cents each. Inventors.

In this line of business they have and OVER THIRTY YEARS' EXPERIENCE, and now have unequaled facilities for the preparation of Patent Drawings, Specifications, and the Prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs. Munn & Co. also attend to the preparation of Caveats, Trade Mark Regulations, Copyrights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business intrusted to them is done with special care and promptness, on very moderate terms.

We send free of charge, on application, a pamphlet containing further information about Patents and how to procure them; directions concerning Trade Marks, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Hints on the Sale of Patents, etc.

Foreign Patents .- We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal coun-tries of the world. American inventors should bear in mind that, as a general rule, any invention that is valuable to the patentee in this country is worth equally as much in England and some other foreign countries. Five patents-embracing Canadian, English, German French, and Belgian-will secure to an inventor the exclusive monopoly to his discovery among about ONE HUNDRED AND FIFTY MILLIONS of the most intelligent people in the world. The facilities of business and steam communication are such that patents can be obtuined abroad by our citizens almost as easily as at The expense to apply for an English patent is home. \$75; German, \$100; French, \$100; Belgian, \$100; Canadian, \$50.

Copies of Patents.-Persons desiring any patent
