## IMPORTANT TO INVENTORS.

MESSRS. MUNN & CO., PROPRIETORS OF THE SCIENTIFIC AMERICAN, continue to solicit patents in the United

States and all foreign countries, on sonable terms. They st rea also attend to various other departments of business pertaining to patents, such as Extensions, Appeals before the United States Courts Interferences, Opinions relative to Infringements, &c. The long experience Messrs. MUNN & Co. have had in prepsring Specifications and Drawings, extending over a pe-riod of sixteen years, has rendered

hem perfectly conversant with the mode of doing business at the United States Patent Office, and with the greater part of theinventions which have been patented. Information concerning the patentability of inventions is freely given, without charge, or sending a model or drawing and description to this office.

Consultation may be had with the firm between NINE and FOUE Velock, daily, at their PRINCIPAL OFFICE, No. 37 PARE ROW, NEW YORK. We have also established a BRANCH OFFICE in 4 CITY OF WASHINGTON, on the CORNER OF F AND SEVENTH STREETS, opposite the United States Patent Office. This office is under the general superin-tendence of one of the firm, and is in daily communication with the Principal Office in New York, and personal attention will be given at the Patent office to all such cases as may require it. Inventors and others who may visit Washington, having business at the Patent offices are cordially invited to call at their office.

They are very extensively engaged in the preparation and securing of Patents in the various European countries. For the transaction of this business they have Offices at Nos. 66 Chancery Lane, L

29 Boulevard, St. Martin, Paris, and 26 Rue des Eperonniers, Brussels We think we may safely say that three-fourths of all the European Patents secured to American citizens are procured through our Agency.

A pamphlet of information concerning the proper course to be purued in obtaining Patents through their Agency, the requirement the Patent Office, &c., may be had gratis upon application at the Principal Office, or either of the Branches. They also furnish a Circular of information about Foreign Fat nts. The annexed letters from former Commissioners of Patents we com.

In a since a little from former commissioners of ratents we com-mend to the perusal of all persons interested in obtaining Patents :--MESSRS. MUNN & Co. :--I take pleasure in stating that while I held the office of Commissioner of Patents WORE TRAN ONE-FOURTH OF ALL firs subsubs of THE OFFICE Care through your hands. I have no doubt that the public confidence thus indicated has be of ullyde-served, as I have a liways observed, in all your intercourts with the Office, a marked degree of promptness, skill and fidelity ->> the inter-ests of your employers.
