A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York. Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

Columbia Motor Cars for 1907. ARE constructed throughout in a manner that for uniformity of excellence is unequalled in any other motor cars, and they also contain certain exclusive features which alone so add to their worth as to make them preferable to all others. One point of exclusiveness is found in the quality of steel used for the sawed-out crankshaft, sliding gear transmission, bearings, axles and other vital parts. Another exclusive feature is the multiple jet carburetor which affords the proper mixture of gas to run the car to the greatest advantage at whatever speed you wish to go. This carburetor combines two carburetors in one, the two devices working together so as to require no more adjustment, attention or care, than a single carburetor of any of the older patterns. Further exclusiveness is seen in the elegance of the design, finish and appointments of our touring car and limousine bodies. Mark XLIX, 40-45 H. P. Touring Car, \$4500. Limousine, \$5500. Mark XLVIII, 24-28 H. P. Touring Car, \$3000. Limousine \$4200. ELECTRIC VEHICLE CO., HARTFORD, CONN. New York Branch: Electric Vehicle Company, 134-136-138 West 39th St. Chicago Branch: Electric Vehicle Company, 1332-1334 Michigan Ave. Boston: The Columbia Motor Vehicle Company, Trinity Place and Stanhope St. Washington: Washington E. V. Trans. Co., 15th St. and Ohio Ave. San Francisco: The Middleton Motor Car Company, 550 Golden Gate Ave. Member A. I. A. M.
